SUSTAINABLE WOOD PRODUCTS

2-in-1 Cleaner

Our 2-in-1 Cleaner is designed to be used on any wood surface floors, doors, work tops, skirtings and mouldings and any type of wood flooring – solid, engineered and laminate. This product is made from a blend of natural ingredients, eco-friendly and can be safely used in the home. The 2-in-1 preparation cleans the wood surface and at the same time applies a protective and replenishing surface of hardwax oil to help maintain the surface – cleaning and maintaining at the same. An easy to use product you need only add a sample cupful to a warm bucket of water and apply with a damp mop or cloth.

Features:

- Suitable for wood surfaces such as floors, skirtings, doors, kitchen tops, work surfaces, and furniture.
- Suitable for laminates, engineered and solid wood floors
- Wax treatment that cleans, waxes and maintains wood as you apply it
- Contains the wax of the carnauba palm oil
- Base of biodegradable tensides with neutral pH value
- Not suitable for mirrored, marble, non-slip or high gloss surfaces

Directions:

For intensive cleaning add 4/5 caps of 2 in 1 cleaner to 5 litres of water – 1 to 10 solution. Never allow the wood surface to remain damp or wet for any length of time.

Ingredients:

In accordance with EU Regulations: Contains no solvents, thickeners or dyes. Less than 5% non-ionic tensides. Contains carnauba wax and preservatives. Polyethylene packaging.

Tips:

Keep away from children. Keep away from frost or heat. Only dispose of empty containers.

Safety:

Rinse eyes and mouth immediately and thoroughly on contact.
